It has been two years since the Maha Siddha Papa Bogar started sending the Siddha Alchemy to the West. While this has been an interesting and at times a perplexing assignment for me, there has been a continual expansion from all aspects of this process. Initially when I was asked if I wanted to receive 108 5 gram Navapashanam Beads and what the price per Bead was, there was considerable consternation. After praying and praying I received the guidance to give the Navapashanam Water away Free and for those that had the means and insisted upon buying a Bead, then there would be a consideration to sell a Bead. Each person though that buys a Bead would have to outline their program with the Bead and agree to give 3% to Papa Bogar if they made any money with the Bead. Then the Maha Siddha Herbs started coming and the journey through US Customs with duffle bags full of Herbs presented additional evidence that something was up; up in that all this is not normal. Many many people asked for and received for Free the Maha Siddha Herbs, Sapphire Basmam and Pearl Basmam which is STILL available Freely for the asking. There is ONE Sapphire Basmam, ONE Pearl Basmam and ONE packet of 9 Siddha Red Capsules of Herbs available Free with each Basmam; so two per person – one at a time.

There are many more Maha Siddha Alchemical supports that have been mentioned that can be, may be, must be released to us in the WEST. So, if you want more of the Maha Siddha Alchemy PLEASE:

1. Wish for daily from the depth of your Heart
2. Pray for daily from the depth of your Heart
3. Ask for daily from the depth of your Heart

4. Demand help and support from the depth of your Heart from the Maha Siddhas daily

Swaha is meeting Sri Raman in Europe on November 15 – 19 being in a position to receive the mail for you in the West.

Please make you heartfelt by the Papa Bogar and the Maha Siddhas! The more of us that ask the Maha Siddhas from the depth of our hearts the more likely the Maha Siddhas are to send us their Love, Support and Alchemy!
