Hello,

Come experience and share yet another magical afternoon with Swaha Ron Holman. Ron will give you an uplifting, intimate afternoon filled with wondrous stories of India, the Maha Siddha Masters, the Navapashanam and Ormus (monatomic minerals) with their anti-aging, Kaya Kulpa rejuvenating force. You'll get to experience the Navapashanam for yourself as well as Ormus. Also, he will share with you the latest information on Maha Siddha Alchemical Medicine. This afternoon is something so rare and uplifting, you will want to be here!

Our speaker, Swaha Ron, also known as Ron Holman, is an Ambassador of Maha Siddha Herbal Medicine. Traveling through India frequently since 1995, Dr. Ron has been

seeking the secret to spontaneous remission of disease to bring home to his life long partner, Linda. In the process of doing this and spending long hours in meditation, he connected to the Siddha Masters. The Siddha Masters are highly evolved humans who are capable of supernatural, miraculous, occult abilities, known as "Siddhis" or "powers" that are beyond the concept or belief capacity of most humans. Currently, there are Siddha Masters living in the jungles of Southern India who have lived thousands of years. They can revitalize a dead body, fly, and heal—in other words, they can transcend the laws of nature as we "normal" people think of them. They are the inventors of unusual medicines and formulas that can save lives, even though some are made with poisonous plants. They are the creators of Ayurvedic Medicine, although that medicine is designed for the masses.

Swaha Ron was awakened to many ancient Siddha wonders, and brought back some Siddha Medicine to America for the first time in the form of Navapashanam Beads. When dipped in water, they "charge" the water, creating a Siddha Elixir that is healing and uplifting. Ron will bring beads and Siddha power objects to the evening and you can hold them and experience them. Then he will share the amazing Ormus, made with the Navapashanam water and rare salts from around the world. The process of making Ormus is true alchemy, using a vortex created by stirring to separate out the minerals from the salt and converge/blend into a spiritually potent cream. Experience this too! You will definitely float out of the room by the end of the day.

He will gift everyone who comes with some Navapashanam Elixir to take home, with instructions on how to allow it to create success for you.

Come and listen, be lifted and inspired by the mystery and magical vibration of Siddha medicine.

Bring gallons of water and Swaha will charge you water for free!
