There is a lot of information at WWW.Discerning-Wisdom.Com about Maha Siddha Herbs and the Alchemical Effects. The Alchemy is a very interesting support for all that get a 'Yes' that can be used until the body starts producing 'Ambrosial Juice' itself. Maha Siddha Alchemical Supplements are Intentional Medicine, in that it is the participant's own intentions, desires, prayers, requests, demands for God's presence and for blessings to come forth to them from Consciousness. The Supplements merely amplify what is being requested, hoped for, prayed for both consciously and unconsciously. The Maha Siddha Alchemy being very subtle, yet very powerful energetic medicine, produces the amplification with very little of its physical presence. Some people actually never take the Siddha Alchemy because just carrying it on them or keeping it on their alters is all they need, being in the presence of the Energy of the Maha Siddhas. The best part of the Siddhas is that their Alchemical Support of humanity is generic and transcends specific spiritual, religious, cast, country beliefs and practices.

The Immune System Formula has clearly boosted the immune system past the need to carry cold and flu energies:

Blue Scorpion Serum-Escozine

Colloidal Silver

Navapashanam

Rainbow Ormus

Dis-Ease Potion from Siddha

Drops of Higher Life Force Energy

Two Feathers Herbal Formula

- Three drops under the tongue 4X/day at \$36@ for healthy people
- At \$54 – there is a lot more Escozine & Two Feathers Formula: for sick people

Blue Sapphire Basmam, Pearl Basmam (one time ONLY & Free), 9 RED Capsules (can be requested twice & Free) of Maha Siddha Herbs are available to all that get a 'YES' without questions. Ormus, 'I' Oil, Agni Oil and Siddha Oil, Money Making Talisman is also available for small \$.

The Maha Aura Protective Chips have yet to arrive. Sri Raman has indicated the Maha Aura Chips are in the mail from Europe now: \$108@

Mystery:

The full moon in January we went through the ritual to collect Ormus! Exactly the same procedure! The same amount of Salts and lye! The same proportions! Good people showed up to stir the water, men, ladies and children! Something very different happened!!!

We got 7 lbs of a black paste with a Blue Shine to It; see attached! Ormus is white!! When we collected Ormus in black Indian salt we got gray Ormus! Usually we can see the Ormus coming through the portal into the salt water! This time nothing was seen!

Swaha's experience of this black blue substance is akin to the experience in taking a RED capsule of Maha Siddha Herbs!!!

Wow, feels like Papa is having fun with us!!

A few of our friends have commented about the Black Blue Paste; see attached.

Those that have gotten the Black Blue Paste most recently we would love to hear from you about what you think or another understanding of the energy and what happened to bring the Black Blue Paste substance!

Please come on Sat 8 and/or Sunday 9th of March after 1:00PM. Telling your friends to come is welcomed.

If you are outside LA or are unable to come please come in Spirit!

Warmly,
SwahaRon
