Spiritual Healing to Integrate of the Body, Mind and Spirit:

It is our birthright to connect with our higher self, to be able to use our sharp intuition and to live with joy 24/7. Before reaching the state of high consciousness, releasing the emotional blockages is very essential. Emotional blockage is the root cause of most of the diseases. As long as the wound exists, we would not be able to enjoy and utilize the highest potential that we own. Only when the blockages or limitations are being removed, we would have the space and awareness to see and experience the life purpose and potential.

In this workshop, Divoja will be utilizing different powerful healing tools to release blockages on the body, mind and spirit. She would guide the participants with body movement, breathwork and healing process to release the suppressed emotions and limitations. As a result, the participants would experience a profound transformational healing journey in their own level. Divoja will be taking the participants on this profound healing journey in a step-by-step process. This healing journey is cater to all levels.

Bio: Divoja (Divojananda) was born and raised in Hong Kong. She is an intuitive Spiritual Healer and a Traditional Yoga teacher. As a spiritual healer who has overcome her own physical and emotional pain, Divoja has dedicated herself to share her knowledge, healing tools, and experiences with those who are searching for solutions in life. Her special gift is the ability to give insights of the root cause of problems with natural remedies from Vedic science and Universal Healing Tools, resulting in instant positive shifts in the aspects of mind, body, and soul.

Kimberly Meredith is a Medical Intuitive, Faith Healer and Channeler with a growing worldwide reputation for effective results. She has a truly miraculous gift for healing people and animals through God's grace. The energy of God, the Holy Spirit, and the Saints move through her body rapidly as she combines prayers, chanting and activated light energy to heal her patients. She is able to awaken the spirit and healing energies within others.

Kimberly's spirit guide is Edgar Cayce. He is the father of holistic medicine, a medical intuitive, and most documented psychic of the 20th century.

In 2012 Kimberly was struck by a car while on foot, and this caused her to have a near death experience. She was in the hospital for two months. It was uncertain she would ever walk again, but Kimberly decided to throw all of her pain pills away and give 100% of her faith to God for her healing. Since then, Kimberly's gifts have rapidly emerged and lead to many miraculous healings.

Kimberly scans the entire body as a human MRI/XRAY with her hands guiding her blinking eyes. In today's toxic environment, it is of paramount importance to receive routine body screening as negative energies can create disease in the body! She believes the DNA can be transformed and healed through the grace of God's loving energy. After scanning, she then releases negative energy and emotional or physical injuries and disease by anointing with Holy Water and oils. Kimberly and the client chant prayers; with the Holy Spirit, healing truly can be accomplished.

This is The Holy Trinity. You, me, and God.
